Note:

Ranking System

The Nigeria Taekwondo Federation (NTF) Ranking System is designed to evaluate and rank athletes based on their performances at recognized competitions. The ranking serves as an objective measure of an athlete's consistency, competitiveness, and achievement throughout the competition season.

The ranking system shall apply to all championships and competitions that are promoted or officially recognized by the Nigeria Taekwondo Federation (NTF), including:

- NTF-sanctioned National Championships.
- World Taekwondo (WT) recognized international championships.
- Any other competition specifically designated by the NTF.

Ranking points to be awarded in Competition: The competition must be organized with the World Taekwondo (WT) Competition rules and regulations and full compliance with the Nigeria Taekwondo Federation. In addition, the event must be supervised by an appointed NTF Technical Delegate in adherence to established standards.

Weight Categories

The NTF Ranking System applies to all eight (8) official WT senior division weight categories for both men and women; and the four (4) Olympic weight categories for both men and women, where applicable.

Awarding of Ranking Points

Whenever an athlete participates in an NTF-promoted or WT-recognized competition, any ranking points earned shall be credited to the specific weight category in which the athlete competed during that event. The NTF shall maintain and publish ranking lists for each official weight category.

Tied Rankings

Where two or more athletes accumulate the same number of ranking points in the same weight category, they shall share the same ranking position until a tie-break is required. When a tie affects tournament seeding, the following tie-break procedure shall apply:

The athlete who earned their ranking points from the higher-graded competition(s) shall be ranked higher. If the athletes remain tied after considering the competition grades, the higher-ranked athlete shall be determined through a random draw conducted by the NTF.

This system ensures that athlete rankings remain fair, transparent, and reflective of both performance and the quality of competitions in which the ranking points were earned.

Nigeria Taekwondo Federation Competitions and grade

The Nigeria Taekwondo Federation (NTF) assigns ranking points to athletes based on the grade of the competition in which they participate. The higher the competition grade, the greater the number of ranking points available.

The following competition grades shall apply:

Competition	Grade	Maximum Points for Gold Medal
National Sports Festival:	G4	40 Points
National Trials :	G4	40 Points
Korean Ambassador's Cup	G2	20 Points

Other NTF-recognized Championships organized in compliance with NTF Competition Rules and supervised by an NTF Technical Delegate
G1 = 10 Points

Formula for Calculating Ranking Points

The final ranking points awarded to an athlete shall be calculated using the following formula:
A × B = Final Ranking Points Where:

A = Points awarded according to the athlete's final placing (rank) at the competition.
B = Competition Grade (G1, G2, or G4).
The final score obtained shall be credited to the athlete's NTF Ranking.

Allocation of Points by Finishing Position

Ranking points shall be awarded according to the athlete's final placing as follows:

1st Place (Gold Medalist): Receives 100% of the available points for the competition grade.
2nd Place (Silver Medalist): Receives 60% of the points awarded to the champion.
3rd Place (Bronze Medalist): Receives 60% of the points awarded to the runner-up.
4th Place (or 5th in a single-elimination tournament): Receives 60% of the points awarded to the 3rd-place athlete.
5th Place (or 9th in a single-elimination tournament): Receives 70% of the points awarded to the immediately higher-ranked athlete. Thereafter, each subsequent placing shall receive 70% of the points awarded to the athlete immediately above them.
All ranking points shall be rounded to two (2) decimal places. For example, 94.235 shall be recorded as 94.24.
